

Devilling - 2010

Anyone wishing to commence devilling in 2010 with a view to admission to the Faculty of Advocates in 2011 is invited to contact the Faculty as soon as possible for advice on the deadlines which will be applicable to their particular situation.

Those who have already matriculated are reminded that they require to give notice by 31 December 2009 to sit the examination in Evidence Practice and Procedure in February 2010.

Those who have not yet matriculated require to complete the matriculation process in time to give such notice by 31 December. Accordingly they should contact the Faculty no later than 30 October 2009. Later applications for matriculation will be considered and if possible processed in time for 31 December, but this is subject to factors outside the control of the Faculty and cannot be guaranteed.

Full details of the requirements for admission to the Faculty of Advocates can be found in the Regulations as to Intrants which are available on the Faculty website www.advocates.org.uk
